

## MANUAL PROCEDURE TO UNDO THE OPERATOR ID.

Let's take an example for which user wants to change the operator id for a team.

9190480	Ecuabet	3542 - Gulf United	3732 - Masafi	Feb. 12, 2024, 1:25 p.m.	EP_35423732202402121325
7649255	Pixbet	7024 - Gulf Heroes Fc	3732 - Masafi	Feb. 12, 2024, 1:25 p.m.	EP_70243732202402121325

Here as a first thought user was sure and want to change the “Gulf United” operator id with “Gulf Heroes Fc” operator id.

Open the extraproxy admin dashboard and go to Matches by Operator ID table. Select the operator id which you want to change.

The screenshot shows the ExtraProxy admin dashboard. On the left is a sidebar with navigation links: Home, Upcoming matches, Common matches, Scraper Status, Matches by Operator ID (highlighted), and User Management. The main content area has a 'Select Operator ID' section with a dropdown menu showing '3542-Gulf United' and an 'UPDATE OPERATOR ID' button. Below this is a table with columns: HOME TEAM, AWAY TEAM, MATCH DATE, SOURCE, and EXTRATIME MATCH ID. The table contains one row: HOME TEAM: 3542, AWAY TEAM: 3732, MATCH DATE: Feb 12, 2024, 1:25 PM UTC, SOURCE: Ecuabet, EXTRATIME MATCH ID: EP\_35423732202402121325. At the bottom right of the table, it says 'Rows per page: 10' and '1-1 of 1'.

After selecting the operator id click on Update button and select the new operator id.

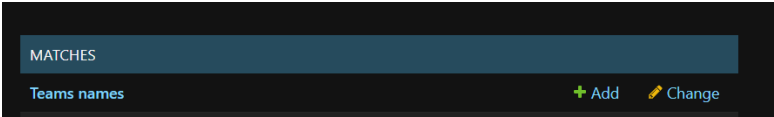

This screenshot shows the same dashboard as before, but with a confirmation modal open. The modal has the title 'Are you sure?' and the text 'You want to update 3542-Gulf United with 7024-Gulf Heroes Fc.' Below the text are two buttons: 'NO' and 'YES'. The 'UPDATE' button in the background is highlighted.

Confirm and check the Are you sure? Pop up. Once satisfied click on Yes.

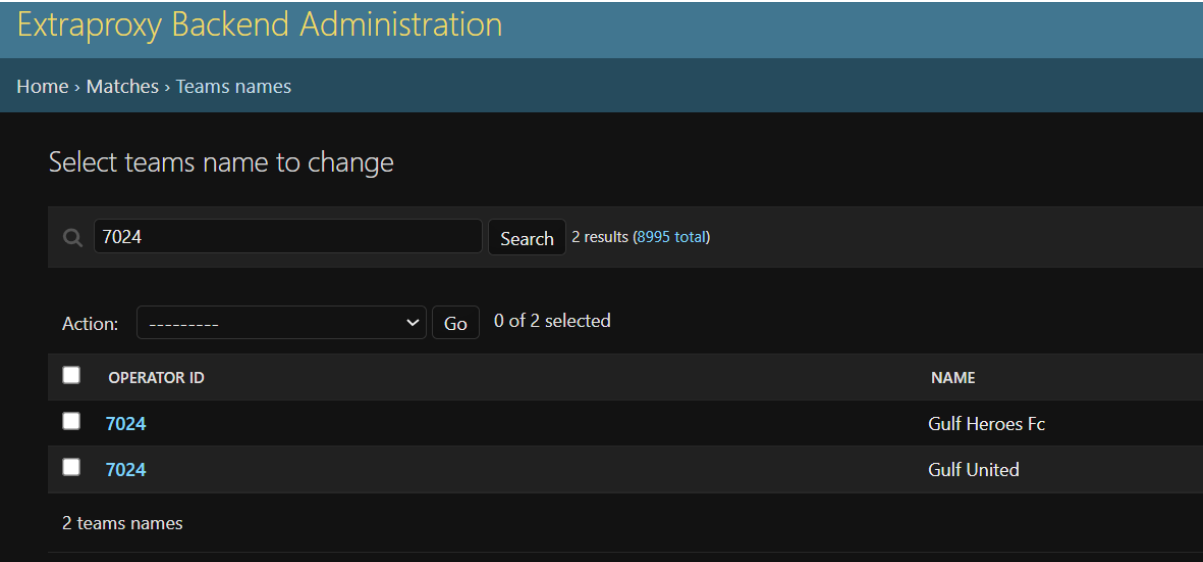

9190480	Ecuabet	7024 - Gulf United	3732 - Masafi	Feb. 12, 2024, 1:25 p.m.	EP_70243732202402121325
7649255	Pixbet	7024 - Gulf Heroes Fc	3732 - Masafi	Feb. 12, 2024, 1:25 p.m.	EP_70243732202402121325

Now if user want to undo the changes made. User should login to Extraproxy Backend Dashboard (Django Admin).

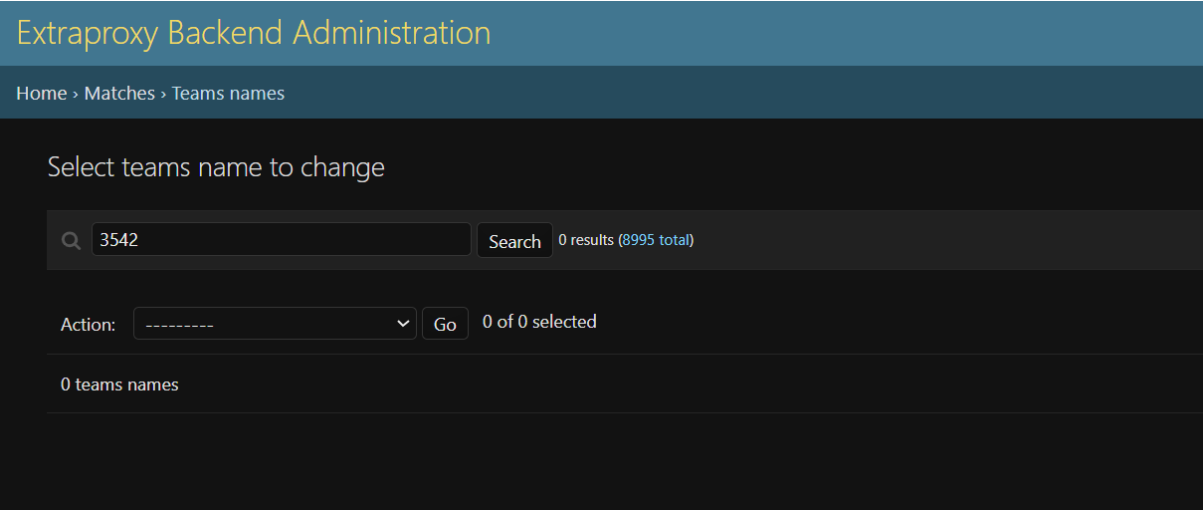

Go to Team Names Table in the matches section.

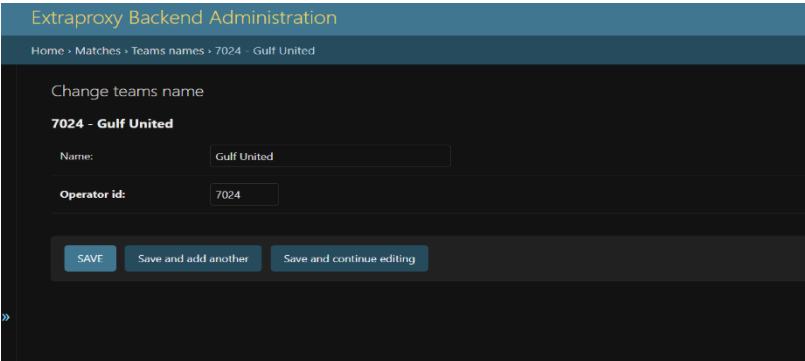

Here for 7024 operator id User will find two records.

And for operator ID 3542 (old id), NO records will be seen. (User should check that no records should be found before proceeding further).

Search again for 7024 where to records is shown and click on the one which was changed by mistake, In this example “Gulf United”.

Change the operator id to 3542 which was the old one.

And Click on save button.

Extraproxy Backend Administration

Home > Matches > Teams names > 7024 - Gulf United

### Change teams name

**7024 - Gulf United**

Name:

Operator id:  

Again, check for the match or record you will be found they got reverted to original stage.

<input type="checkbox"/>	9190480	Ecuabet	3542 - Gulf United	3732 - Masafi	Feb. 12, 2024, 1:25 p.m.	EP_35423732202402121325
<input type="checkbox"/>	7649255	Pixbet	7024 - Gulf Heroes Fc	3732 - Masafi	Feb. 12, 2024, 1:25 p.m.	EP_70243732202402121325

Additional Notes: -

In case user forgets the old operator id (The id which by mistake got changed in above example it was 3542).

Go to team names table and sort in ascending by operator id by clicking on operator id column heading.

Extraproxy Backend Administration

Home > Matches > Teams names

Select teams name to change

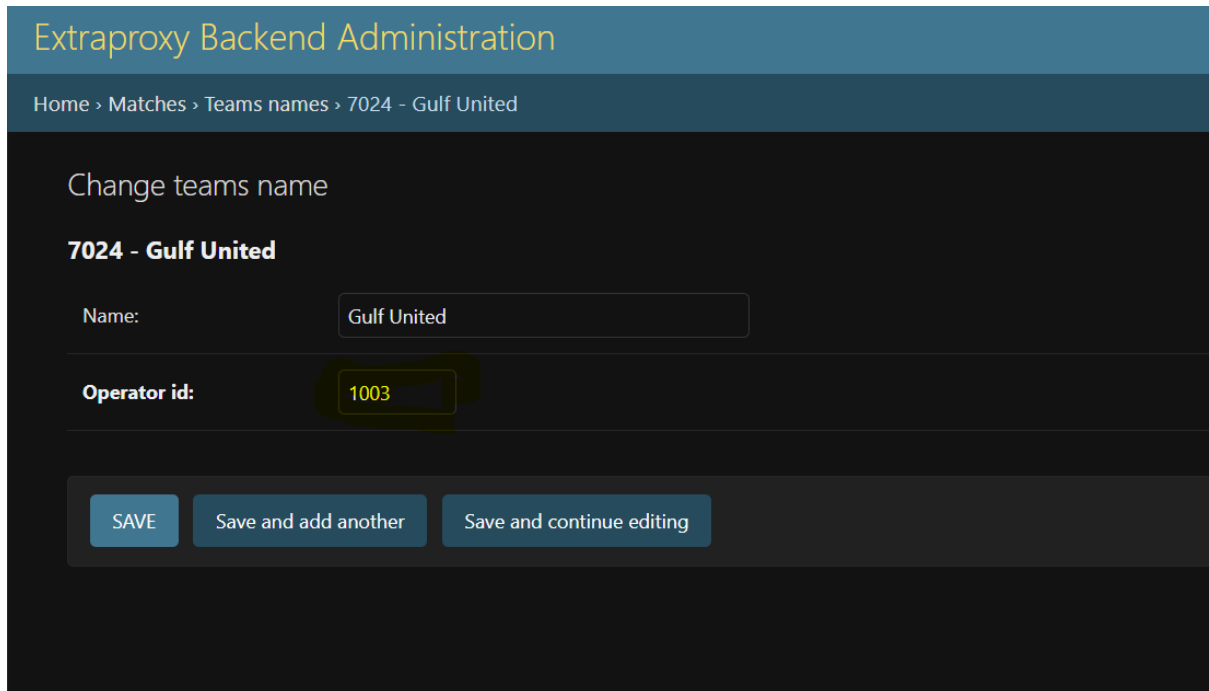

Action:   0 of 100 selected

<input type="checkbox"/>	OPERATOR ID	NAME
<input type="checkbox"/>	1000	Sydney
<input type="checkbox"/>	1000	Sydney FC
<input type="checkbox"/>	1001	Canberra United
<input type="checkbox"/>	1002	Granada SRL
<input type="checkbox"/>	1004	Celta de Vigo SRL
<input type="checkbox"/>	1005	Real Betis Balompie SRL
<input type="checkbox"/>	1006	Real Madrid SRL
<input type="checkbox"/>	1007	Mallorca SRL

Find any missing element from the series for which no team name is assigned here 1003 is empty.

Note 1003 down now this will be the operator id for "Gulf United".

Go to team names table search for Gulf United you will find the single record with 7024 operator id. Click on the record and change it to 1003.

Extraproxy Backend Administration

Home > Matches > Teams names > 7024 - Gulf United

Change teams name

**7024 - Gulf United**

Name:

Operator id:

In this manner the process got reverted and now both the teams will have different operator ids.
